

VISHNU KANT PANDEY

Full Stack Developer

Bhubaneshwar, India | 9471683918 | kantpandeyvishnu312@gmail.com

[linkedin.com/in/vishnu-kant-pandey-8332a9297](https://www.linkedin.com/in/vishnu-kant-pandey-8332a9297)

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience across React.js, Node.js, Express.js, and MongoDB, complemented by current work in AI-powered automation and workflow integration. Skilled at building responsive, user-friendly interfaces, RESTful APIs, and end-to-end web applications, with a track record of delivering real-world projects and internships.

EDUCATION

Bachelor of Technology in Computer Science and Engineering (AI-ML)

Gandhi Engineering College, Bhubaneshwar

2022 - 2026

CGPA: 7.89

WORK EXPERIENCE

AI Automation & Web Developer Intern

SalesAmore

May 2026 - Present

Offline

- Designed and developed responsive landing pages and business websites using HTML, CSS, JavaScript, and no-code/low-code platforms.
- Built AI-powered automation workflows to streamline business processes and integrated third-party tools and APIs to improve operational efficiency.
- Optimized web pages for performance, responsiveness, and user experience, and troubleshoot technical issues across projects.

SDE Intern

TechnoHacks Solutions Pvt. Ltd.

Feb 2023 - Apr 2023

Remote

- Designed a responsive frontend using React.js and built backend APIs with Node.js and Express.js for handling ride and user data.
- Implemented features allowing users to book rides, view available drivers, and manage ride requests through an interactive interface.

PROJECTS

Talent Hub

Sep 2025

- Developed a web platform for students to discover and showcase talents using MongoDB, Express.js, React.js, and Node.js.
- Designed RESTful endpoints (GET, POST, PUT, DELETE) and integrated an LLM service to generate AI-powered candidate profile summaries.
- Enabled users to upload their own videos and receive views, likes, and comments from other users.

Snap-Deal (E-Commerce Web App)

Feb 2025

- Built a Snap-Deal-inspired e-commerce web application using React.js with product listing and search functionality.
- Designed dynamic product detail pages and smooth navigation to improve user interaction.
- Focused on clean UI design and responsive layout across different screen sizes.

TECHNICAL SKILLS

Programming Languages: Java, C/C++, SQL, HTML/CSS, JavaScript, React.js, Node.js

Databases & Developer Tools: MySQL, MongoDB, SQLite, Git, GitHub, Linux

Other: REST APIs, AI Workflow Automation, No-Code/Low-Code Platforms
